TEAM LEADERSHIP STATEMENT

Business Name: Dr. Detail PhD

CEO: Jordan

Jordan brings 7 years of experience in the auto detailing industry. He has customer service experience and also has knowledge of sales and production. He will bring organizational skills to the company.

COO: Demond

Demond brings 3 years of experience of general contracting in the construction industry. He has 9 years of customer service skills, and he also has team leadership skills he will bring to the company.

CFO: Coy

Coy brings 5 years' experience in the oilfield industry. He has 2 years of management experience where he will bring management skills and team leading skills to the company. He has experience with finance and numbers where he will be assisting with the financials in the company.

CMO: Elio

Elio brings over 1 year of experience in the industrial boiler maker industry. He will bring team building skills and has great customer service where he will bring great marketing to the company.

PRODUCT/SERVICE OFFERING

Hi, my name is Jordan, founder of Dr. Detail Ph.D. Professional Home Detailing. We offer a wide range of mobile car wash and detail packages. We also provide additional services like head light restoration and windshield repair and replacement. We will sell car accessories like air fresheners, car mats, seat covers and other items. Our car wash will account for 40% of revenues, and details 40%, windshield services 10% and car accessories 10% of our total revenue. We plan to open in 2028 for business. Our detail services will include seat and carpet shampoo, leather/vinyl scrub, hand waxing, clay bar treatments and buff and shine. We also have a variety of car wash packages from a basic wash to our red-carpet package. Our red-carpet package will include wash, towel dry with microfiber cloths, clean inside and outside windows, dust dash console, clean cup holders, vacuum and our super blow treatment (blowing compressor air in all crevices), and cream conditioner for all your leather/vinyl/hard surfaces and top it off with carpet freshener. We offer monthly memberships through our mobile app and use only earth friendly products, unlike other guys. We plan to expand by offering other pressure washing services after 5 years of service. Have a dirty car?? We've got a doctor for that.

MARKET/INDUSTRY

Nationally, the car wash industry accounts for annual revenues of approximately \$5.4 billion. There are many different types of car was venues including full-service units and self-service units and mobile services. The industry is highly fragmented. The 50 largest chains make up of only 15% of the market. Demand in this market is typically the highest on weekends.

COMPETITION

Nationally, the car wash industry accounts for annual revenues of approximately \$5.4 billion. There are many different types of car was venues including full-service units and self-service units and mobile services. The industry is highly fragmented. The 50 largest chains make up of only 15% of the market. Demand in this market is typically the highest on weekends.

DIFFERENTIATION

Just like with any business an opportunity lies in doing what others do not do. That is the best way of making money, finding an opportunity in the market doing what others won't do or are not prepared to do. We plan to use only earth friendly products and we want to develop a mobile app. dependability is also one of our biggest benefits. We will execute on our efficiency, speed and quality of our services. We will stay on a very personal level with customers by keeping a mailing list and sending birthday and Christmas cards.

MARKETING STRATEGY

Price:

At Dr. Detail Ph.D. our services will be priced low enough for customers to buy and high enough for us to for us to make a profit. We offer a wide range of car wash and detail packages. Our base car wash package exterior only will be \$24.99-29.99. Our basic full service wash will be \$34.99-39.99. This price reflects an oversize charge for larger vehicles. And our complete detail packages will be \$249.99. Our pricing strategy is based on per customer, per vehicle basis since several factors play a part in the price. These factors include travel expense, vehicle size, preferred packages, and many more

Place:

Although we are a mobile car wash and detail provider we will have a home base of Austin, Texas. This location is great because there is not a lot of mobile car washes and detail business. I also will focus on corporate contracts. So I will primarily be placed at office buildings, country clubs, etc. Texas has great weather year round to operate a mobile car wash and detail business. Since we are mobile, location is not a hindrance or a factor.

Promotion:

Our promotion strategy will initially be made through word of mouth since that is the advertising. We will later include networking, high quality brochures and business cards and internet. We plan to develop a website as all of our promotional materials will include our Webb address. We will spend about 2,000on promotional materials from our website to brochure, cards, flyers, t-shirts, etc.

VISION AND OBJECTIVES

First Two Months After Starting

- Establish initial clientele
- Continue building partnership
- Successfully operate 1st unit/crew team

First Year

- Establish regular customer base
- Grow my promotions/marketing
- Purchase new equipment

Second Year

- Begin to operate 2nd unit/crew
- Implement business youth
- Review marketing strategy

Fifth Year

- Expand through center Texas
- Operate 3 trucks/vans multiple units

Tenth Year

- Expand throughout center Texas
- Expand services/ menu list

Philanthropy

Give back to the homeless through outreach and offer 2nd chance opportunities.

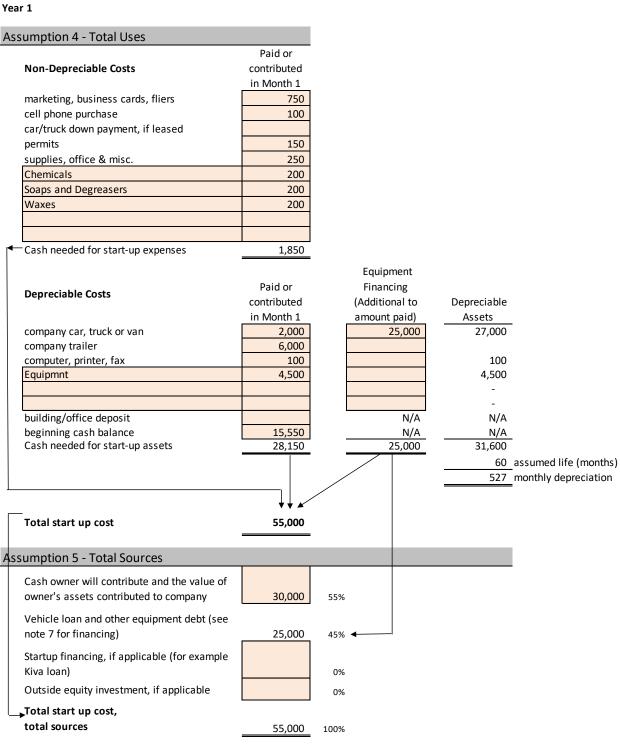

Community Impact

Serve God, serve people, and serve community.
